# Fire Fighting SYSTEM

# Table of Contents

<b>Chapter 1 : Introduction Of Fire</b> .....	<b>1</b>
Fire Triangle.....	2
Fire Sources.....	3
Fire Causes .....	3
Types Of Firefighting .....	5
Codes And Standard .....	6
<b>Chapter 2 : Hazard Types</b> .....	<b>23</b>
Classification Of Occupancies .....	24
Commodity Classes .....	28
<b>Chapter 3 : Types Of Fire</b> .....	<b>31</b>
Fire In Open Places .....	32
Fire In Closed Spaces .....	34
Fire Pattern .....	39
<b>Chapter 4 : Manual Firefighting</b> .....	<b>42</b>
Types Of Fires.....	43
Types Of Fire Extinguisher .....	45
Fire Hose Cabinet.....	50
<b>Chapter 5 : Automatic Fire System</b> .....	<b>55</b>
Water System .....	56
Foam System .....	58
FM200 System .....	60
CO2 System.....	63
Powder System .....	64

<b>Chapter 6 : Dry Type Firefighting .....</b>	<b>66</b>
Dry System .....	67
Dry Riser.....	70
Design And Layout .....	73
Siamese Connection.....	74
Fire Hydrant Valves.....	77
<b>Chapter 7 : Wet Type Firefighting.....</b>	<b>79</b>
Wet System.....	80
Hazard Density .....	89
Wet Riser .....	90
<b>Chapter 8 : Standard Pipe Method .....</b>	<b>91</b>
Limitation.....	92
Pipe Schedule .....	93
Flow Rates.....	94
Combined System .....	95
Installation Accessories .....	96
<b>Chapter 9 : Sprinkler Types And Its Application .....</b>	<b>98</b>
General Information .....	99
Sprinkler Response Temperature .....	100
Sprinkler Types.....	101
<b>Chapter 10 : Sprinkler System Layouts .....</b>	<b>110</b>
Recommended Spaces.....	111
Sprinkler Selection .....	111
Water Demand Requirement .....	112
Tree Layout .....	118
Loop Layout .....	119

<b>Chapter 11 : Sprinkler System Restrictions</b> .....	120
Change In Ceiling Elevation .....	121
Maximum Distance Between Sprinklers .....	128
Store Height .....	130
<b>Chapter 12 : Water Demand Calculation &amp; Foam</b> .....	132
Stand Pipe Method .....	133
Room Design Method .....	137
Flammable Liquid Storage .....	138
<b>Chapter 13 : Network Accessories</b> .....	145
Control Valve .....	146
Valves Types.....	147
Fire Alarm System .....	153
Pipe Support .....	156
<b>Chapter 14 : Fire Pump Station</b> .....	157
Fire Water Tank .....	158
Pump Station Assembly .....	159
Schematic Diagram For Pump Connection .....	160
UL/FM .....	161
Test And Maintains .....	1163
<b>Chapter 15 : Stair Pressurization</b> .....	165
Smoke .....	166
Fan Type.....	170
<b>Chapter 16 : Smoke Control</b> .....	173
Method Of Smoke Control.....	174
Fire Damper .....	177
Fan Select.....	181
Automatic Detector .....	182
